

GBCT has plenty of nearby parking, including on-street parking, city lots and the gracious neighbors who have given us permission to use their parking lots during performances.

If you have particular mobility needs, contact the box office at 920-435-6300 before the event to discuss options.

Parking options include the east side of Chestnut in front of the theater, the city lot at the end of North Chestnut in the cul-de-sac, and the lots on the northeast and southwest corners of Walnut and Chestnut.

No parking is allowed in the lots immediately north of the theater, spots behind our building, the west side of North Chestnut, and the auto sales lot on the northwest corner of Walnut and Chestnut.

Patrons using a wheelchair should call the theater in advance and a spot next to the ramp will be reserved for you. In other cases patrons may drop off people by the ramp for an easy (no stairs) entrance to the building but then must park their vehicle in one of the designated lots. Information subject to change, follow posted signs. GBCT is not responsible for damage or theft, parking tickets or towing fees.
